

Fundamental concepts in Hilchot Shabbat – an exploration (Jeremy Conway)

We hope to look at some or all of the following concepts:

- B'shogeig
- B'meizid
- Issurei d'oraita
- Issurei d'rabbanan
- A melacha that does not effect any change to the object
- Hana'ah on Shabbat
- Hana'ah after Shabbat
- A paradox – Utensils that are “treife” for some and kosher for others.
- Davar sheyeish lo matirin – Chavat Da'at vs Magen Avraham/Mishna Berura vs Shulchan Aruch HaRav.

The discussion might also cover other concepts, depending on the number of participants and the level of interactivity.
