

## DEBRA CANADA MICRO-GRANT Program Outline & Application Form

DEBRA Canada understands the need to create awareness within the medical community and promote new ways for people to improve the lives of those affected by EB. For patients with EB, research and knowledge IS care. To this end, the DEBRA Canada provides micro-grants to expedite the exploration of new ideas for understanding EB and improving patient care. Awards up to \$3500 CAD will be available annually. Please ask only for what you need to complete the proposal, as micro-grant/research funds are limited.

### WHO CAN APPLY?

- Only Members (individuals and/or member groups) of DEBRA Canada may request financial support for an EB-related research, conference or project that will directly impact Canada's EB community.
- Applications may be submitted by faculty, staff, student, EB caregiver or EB patient. (See Micro-Grant Application Form below).
- Contact our office for membership details (email: [ehoyos@debracanda.org](mailto:ehoyos@debracanda.org) or toll free 1-800-313-3012).

### DETAILS:

1. Micro-grants are part of the DEBRA Canada's Small Grants framework. Maximum awarded per project/applicant is \$3500. If your request is for more than \$3500 kindly submit your request with an additional page detailing costs and benefits to the EB Community. Approval will be at the sole discretion of DEBRA Canada's Board of Directors.
2. A call for micro-grants is open ALL YEAR.
3. The number of projects that can be funded, depend on the budget available and can vary year to year.
4. Applications will be discussed and decided upon by a Committee with recommendations forwarded to the Directorship of DEBRA Canada for approval.
5. Depending on the scope of application it will be reviewed by both the scientific and parent (lay) advisory boards of DEBRA Canada for their impact on care, scientific validity and for their adherence to the priorities of patients and their families.
6. Successful and unsuccessful applicants will be informed promptly no later than 30 days (if no additional material or information is required for final review).
7. After completion of grant request or project, you are asked to complete the project summary report (see the Reporting Form on pg.7). Based on these reports, projects will be presented to the EB community at the following DEBRA Canada Annual General Meeting, in our newsletter and on our website.

If you have any further questions, please contact:
